

SUMMARIZE

What is Summarizing?

When you **summarize** you put the main idea of the text into your own words.

Summaries are significantly shorter than the text being summarized.

Summarizing helps readers focus on the main ideas and important points of the text.

When you summarize, you should include:

- only the main ideas or points of the text
- key words or phrases from the text
- your

When you

- unne
- the a
- auth
