

ONE LESS, ONE MORE

What is One Less or One More?

- One less means the number that comes before.
- One more means the number that comes after.

How to figure out one less or one more:

- If you are given a number, say 2. You are asked to find the number that is one more. You count on from 2 and the answer is 3.
- If you are given the number 2, but you are asked for the number that is one less, you count back one number and the answer is 1.

Try this!

- Write

One more

One more

One less than 6 is _____.

One less than 4 is _____.
