

# PATTERNS

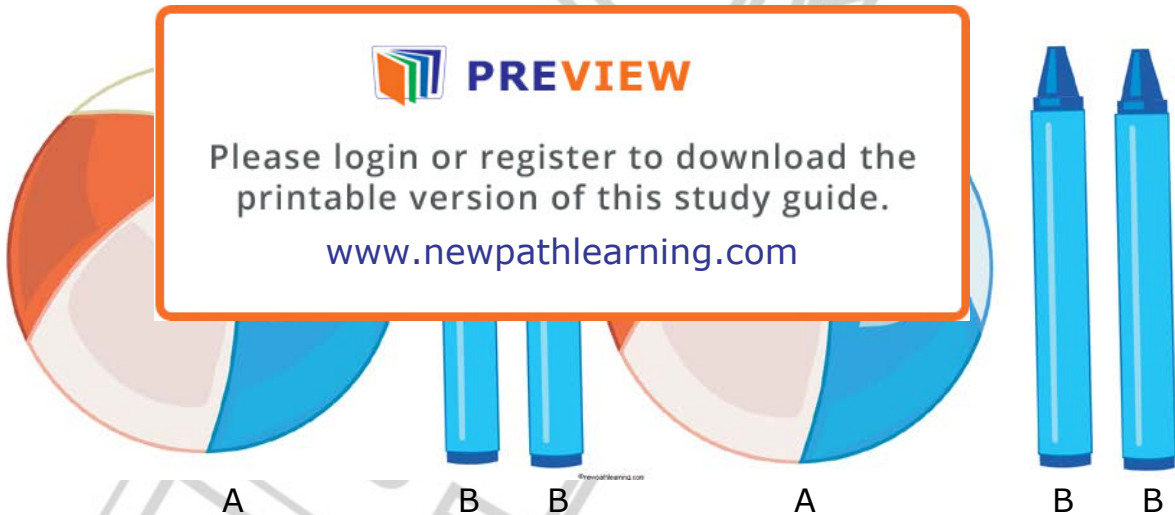

## What are Patterns?

- Patterns are all around us.
- We can see them in nature, clothing, words, and even floor tiles.

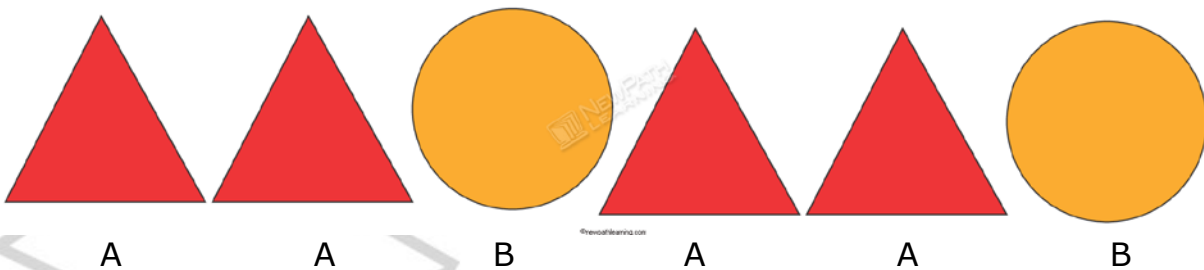

## How to figure out patterns:

This pattern has an **A B** format. The same two objects repeat themselves.

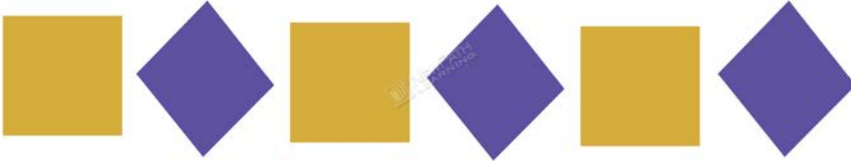

This pattern has an **A B B** format. There are only two objects, but the second one repeats.

This pattern has an **A A B** format. There are only two objects, but the first one is repeated.

## Try This!

- Draw what comes next in these patterns.
