

DAYS OF THE WEEK

What Are the Days of the Week?

- There are seven days in a week.
- They are: Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday.
- Saturday and Sunday are considered **weekends**. These are the days you are home from school.
- Monday through Friday are considered **weekdays**. You go to school on these days.

How to figure Out the Days of the Week:

- The days of the week always go in the same order.
Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday

- Tuesday, _____, _____

What

y comes
y that is

- Thursday, _____, Saturday

What day is missing?

Think about the order the days go in. You know that Friday comes after Thursday and before Saturday. That means that Friday is the day that is missing.

Thursday, **Friday**, Saturday

- _____, Monday, Tuesday

What day is missing?

This is a little trickier. You need to think about what comes before instead of after. You know the week starts with Sunday, then Monday, then Tuesday.

The answer is Sunday.

Sunday, Monday, Tuesday

Try This!

Fill in the missing day of the week.

Sunday, _____, Tuesday

Wednesday, Thursday, _____

Friday, Saturday, _____

Monday, _____, Wednesday
