Romans are often remembered for their **architecture**. They built temples, public baths, and forums in the middle of their cities. Romans were also known for their **arenas** where they watched fights between **gladiators**.

The government in ancient Rome changed frequently, depending on what the people wanted or who was in charge. Many people tried to take control of Rome and turn the republic into a dictatorship. Some were successful for a short time, and many strong leaders are remembered from this time. **Julius Caesar** and **Augustus** were two of these leaders. Both are remembered for their impact on ancient Rome.
