

## ANCIENT EGYPT

### What do you know about Ancient Egypt?

Ancient Egypt was located on the fertile area surrounding the **Nile River**. The people of ancient Egypt used the land and river to set up villages. Many citizens of the villages worked hard to understand the cycles of the Nile River and used science and religion to make predictions about it.

Ancient Egypt was ruled by many different Kings, or **Pharaohs**, who passed down their throne to members of their families. Ancient Egypt is usually broken down into three different periods, each with significant events that were important to their time.

Social classes were present in ancient Egypt. The Pharaohs were at the top of the class system and many citizens thought the Pharaohs were gods. The middle class also grew during this time and more rights were given to the workers in ancient Egypt.

Ancient Egypt created many new ideas and technologies. **Pyramids** were built in ancient Egypt, and they also are known for their **mummies**, which are often found in pyramids.
